A global lecture series from 14 academic expertise centers in forensic science and education

CROSSING FORENSIC BORDERS

Thursday, March 11TH, 2021

03:00 – 05:00 PM (North America, EST)

21:00 – 23:00 (Europe, CET)

Fri, March 12TH, **07:00 – 09:00 AM** (Australia, AEDT)

Event #7 is hosted by

The Pennsylvania State University

PennState

+0:00 **Penn State Forensic Science Program overview**
Jason W. Brooks, VMD, Ph.D., DACVP
Program Director

+0:20 **Correlation of Hair Morphology, Length, and Age to Mitogenome Massively Parallel Sequencing (MPS) Results**
Lauren Canale
Graduate researcher, MPS program (Biology)

+0:40 **The Impact of Metal Content and Storage Conditions on the Recovery of DNA from Ammunition Components Over Time**
Therese Mandracchia
Graduate researcher, MPS program (Biology)

+1:00 **Investigating the "Scent of Death" and its Correlation with Insect Succession**
Abigail Starck
Graduate researcher, MPS program (Chemistry)

+1:20 **Detection and Evaluation of Gunshot Residue on Mammalian Furs to Estimate Shooting Distance**
Maia Nguyen
Graduate researcher, MPS program (Chemistry)

+1:40 **Discussion & Questions**
Jason W. Brooks, VMD, Ph.D., DACVP
Program Director
